The Finney revival meeting has been remarkable for the conversion of men and boys. Among the men are our most substantial and influential citizens, and the young men are intelligent manly fellows whose stand for God and the right will have a telling effect on the morals of the community. Nothing will improve your property and surroundings and add to their value and your pleasure at so small a cost as trees, shrubs and hardy plants.

Shade Trees, Evergreens and Shrubs

Shade trees should form the foundation, with irregular groups or masses of shrubs against buildings, fences or property lines, or as borders along walks or drives. The Evergreens add variety and beauty both winter and summer. By all means include some of them.

FRUIT TREES should form a part of the planting if the space is available. Plant early during favorable weather and be better established when spring growth begins. Almost every home has plenty of room to grow their own GRAPE, RASPBERRY, STRAWBERRY, and other small fruits, Currants, Gooseberries, Asparagus, etc. Do not delay until the busy season causes it to be put off another year.
